D. Wastewater Rates

1. Tap Fees Decentralized STEP*
 - a. Inside District: \$7500.00
 - b. Outside District: \$8250.00
2. Tap Fees Standard System **
 - a. Residential Service Tap \$7500.00
 - b. Larger Service Taps Cost plus \$3000.00 per SEDU
3. Gravity Sewer
 - a. Same Side Service Tap \$2000.00
 - b. Long Side Tap \$6000.00
4. Capacity Fees
 - a. Residential Size Service \$12,000.00
 - b. Additional SEDU's \$4,500.00 per SEDU

A capacity fee is a per meter charge and required at time of tap fee payment.

5. Usage Rates Decentralized***
 - a. Inside District: Standard Usage Rates
 - Non-activated: \$12.00
 - b. Outside District: \$72.00 per month
 - Non-activated: \$15.00
6. Usage Rates Standard System Residential Single Unit
 - a. Minimum Charge \$8.50
 - b. Per 1,000 Gallons \$9.50
 - c. Service In Excess 100' \$4.00 Service Charge*****

7.	Usage Rates Larger Services	
a.	Minimum Charge	\$8.50 (per SEDU)****
b.	Per 1,000 Gallons	\$9.50
c.	Service In Excess 100'	\$8.00 Service Charge*****

* This tap fee schedule is for wastewater customers on a decentralized wastewater service system, such as Stonebridge / Old Parksville Ridge / Hidden Ridges. Tap fees assume typical, residential usage. If tap is made for account with 1" or larger meter, or unusually large consumption, the wastewater service will be sized accordingly and priced at cost plus 25%. Tap fee rates are defined for typical installations requiring no more than 50 linear feet of collection service line. Installations further from right of way will be charged installation cost plus 50%. This will be collected prior to installation.

** The standard system tap rates apply if service is connected outside a development designated as connected to a specific decentralized wastewater treatment facility.

*** This usage rate schedule applies to customers connected to a decentralized wastewater service system such as Stonebridge / Old Parksville Ridge. This flat rate will segue to the District's standard usage rate as of 01/01/2024.

**** Standard Equivalent Dwelling Unit is one typical home unit based on 150 gallons usage per day average. Larger customers will be assessed a SEDU value based on number of units if multi family, or based on usage/anticipated usage for commercial or light industrial applications.

***** Services measuring more than 100' from the pump/tank installation to the sewer main will be charged a service charge that represents the cost of additional maintenance expense that the longer service will require.

E. Labor / Equipment*

Labor:	\$100.00/hr
Backhoe/Excavator:	\$100.00/hr
Skid Steer:	\$100.00/hr
Equipment/Dump Truck:	\$100.00/hr
Materials:	Cost Plus 25%
Testing/Analysis:	Cost Plus 25%
Other Services:	Cost Plus 25%

*Labor/equipment not for hire, only available due to damages incurred by billed party or situation District management deems in the best interest of public health/safety.

F. Development Schedule Water/Wastewater

Inspection Fees:	\$1500.00 1st phase of development; \$250.00 each additional phase.
------------------	--

Depreciation Fees:	
Water:	None Established at this time;

Wastewater:	\$12.00 per lot/unit not built on or service established. Fee is due from current owner each month, and is initiated on the date the District issues developer an
-------------	--

approval letter. The rate is \$15.00 per lot/unit for developments outside the District boundaries.
